HEADMASTER'S MESSAGE

TO THE CLASS OF 1995:

Senior Year marks one of the most memorable periods of your life. It is a time of excitement, anticipation and planning for class activities, especially the Senior Prom and graduation exercises. Most importantly, however, it is a time of fulfillment. You have achieved the first of what I hope will be many milestones of a successful future.

Now, as you assume responsibility for your future, take the tools we have given you and use them wisely. Build upon your foundation, and continue to grow intellectually, socially, and emotionally. Dare to dream; possess the courage to make the right choices, and never fear the challenges you will face. Continue to grow as an individual and as a contributing, valued member of our society. Your dignity and self-respect will depend upon your continued involvement in the learning process.

I consider it a privilege to have been a part of your growth and development and have full confidence in your ability to contribute greatly to our ethnically and culturally diverse society.

My best wishes for your success.

Sincerely,

Juliette D. Johnson
